

Advanced Business Interiors May 29th – Swing into Spring Party!

On May 29th ABI welcomed 425 clients from all sectors of the Ottawa Business Community. New customers, longtime customers, local area designers and architects, as well as ABI staff and friends dined on the exquisite culinary delights of local supplier Epicuria. (www.epicurica.ca).

The theme of spring and the “flowers of spring” were brought to life in the 14,000 sq foot state of the art showroom. Floral arrangements from Tivoli Florist (www.tivoliflorist) adorned all corners of the party floor while the light show from Event Design (www.eventdesign) coolly reflected the surroundings!

ABI’s 8th annual Objects of Beauty “silent auction” featured the “fred” ceramics painted on April 25th by local area designers, and water colors done by families of kids with cancer come to life, and once again the event supported The Algonquin School of Design, Cite Collegial Ecole du Dessin, and CANDLELIGHTERS.

The event was orchestrated and organized to every last detail by ABI’s showroom Director Munia Elmasri. Weeks of careful planning paid off with a tremendous event! Both Bill Toutant and David Asselin (Partners and Principals) continue to highly endorse such elegant social evenings as a simple way of thanking customers, suppliers, designers and architects annually.

Until the next time, ABI Executive and staff thank all those that attended!
